The following is an examiner's statement of reasons for allowance:

The instant invention is deemed to be allowable over the prior art of record, because the prior art fails to disclose or render obvious applicants' claimed polyaddition compounds resulting from the reaction of isocyanate reactive compounds with uretdione polyisocyanates formed from aliphatic and/or cycloaliphatic diisocyanates having exclusively secondary- and/or tertiary attached isocyanate groups, said uretdione polyisocyanates having the claimed limited content of isocyanurate groups.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication should be directed to R. Sergent at telephone number (571) 272-1079.
